

## Application for Enrollment 2017-2018 School Year

In order to keep the admissions process impartial and open to all, Families Together Cooperative Nursery School admits new students through a blind lottery. The blind lottery emphasizes our deep commitment to equity and is conducted after returning student/sibling priority enrollment is completed.

Once lottery numbers have been assigned, we make every effort to give families their first choice of class/classes, while attempting to balance the number of new and returning students, boys and girls, and younger and older students in each of our classrooms.

Once a place has been confirmed for your child, a non-refundable tuition deposit of \$500.00 will be due to guarantee placement in the classroom – see below. Please contact us for further details or for a copy of our admissions policy.

A non-refundable fee of \$50.00 must accompany this application (new families only). Application fees may be waived on a case-by-case basis due to financial hardship.

**Does your child have any special developmental needs?**

These would be any physical, speech/communication, sensory processing, behavioral challenges or toileting issues that we should take into account in our class placement process. Please note that information shared in this section will not affect your child’s chance of admission into FTCNS, but will better allow us to support each child’s learning and development.

### Toilet Training Information

It is expected that parents of enrolled students work with their child towards the goal of toilet training before the start of school in September. Our diaper changing facilities are very limited and our classes are designed to give children lots of opportunities to use the bathroom. However, if after trying to toilet train, you find that your child is not developmentally ready or has medical issues that make toilet training difficult, we are able to accommodate a small number of children in diapers/pull-ups in each class.
